## WORK HISTORY

### React JS Developer

*at Wise Skulls*

I have 5 months + experience as a React JS Developer at Wise Skulls, where I actively contributed to live projects, including 'Hotlist Management'. During this time, I honed my skills in frontend technologies such as HTML, CSS, Bootstrap, Tailwind CSS, and JavaScript. I specialized in building interactive user interfaces using React JS and Redux, ensuring seamless user experiences. Additionally, I proficiently utilized Git and GitHub for version control and collaborative project development
